## DRDO offers courses in AI, cybersecurity

TIMES NEWS NETWORK

**T**he Defense Institute of Advanced Technology (DIAT) will begin the registration process for short-term online courses on artificial intelligence (AI) and cybersecurity being offered by the DRDO.

The registration process for both the course would begin online on January 28, 2021 at [onlinecourse.diat.ac.in](http://onlinecourse.diat.ac.in)

The last date to apply for the courses is February 15, 2021.

Interested candidates will have to appear in the entrance test, which will be conducted on February 21, 2021. The results will be announced on February 22 and only those who qualify the entrance test will be eligible for joining the courses. The course fee for both the courses is Rs 15,000 and the last date to submit the fee is February 26.

The 12-month short-term courses are a mix of fundamentals and advanced topics for both courses. The classes will be two-hour long and will be conducted five times a week.

The AI course will cover fundamental and advanced topics of various domains including probability theory, pattern recognition, big data analytics, computer vision, natural language processing, augmented reality, deep learning and related advancements in the sector. The cybersecurity course will cover topics such as forensic and incident response, system programming, reverse engineering and malware analysis, basic and advanced vulnerability analysis, exploit mitigation.
